

FAST-PASS® HEALTHCARE SOLUTION

IDENTITY & VISITOR MANAGEMENT SOLUTION

FAST-PASS® increases security at hospitals, tracking both visitors and vendors who enter. **FAST-PASS®** is the perfect solution for Healthcare facilities to streamline their visitor sign-in system. Information from the visitor's drivers license is immediately downloaded into a database and the visitor's picture is then taken and printed on a visitors pass in seconds. The visitor photo, area, room or person visiting is prominently displayed as well as the pass expiration and bar code for automated exit tracking. Your security officer, receptionist or volunteer will find the system easy to use while maintaining the open feel that hospital's desire without any hindrance to the flow of commerce.

- JCAHO E.C.2.10.5 Compliant – Hospitals must identify appropriate patients, staff and other people entering facilities.
- Assists in meeting HIPPA regulations with a deny entry feature
- Pre-approve visitor module that can be used in Maternity Ward
- Can be configured with any number of entrances,exits and checkpoints
- Greater security for patients,nurses and doctors
- Appointment scheduling for vendors and pharmaceutical representatives

FAST-PASS® CAPABILITIES

- Produces a pictured visitor or vendor badge in seconds, specifying destination and expiration
- Stand-alone or networked system with other hospital facilities
- Checks with external and internal watch lists, deny entry to any unwanted visitors or vendors
- Automated alerts can be sent via e-mail, to a cell phone or PDA
